

Real World Email Template Test Project: Kasha Decor

Starting from the boilerplate, complete the 'Kasha Decor' Email Template as seen in the 600px width version while making it mobile friendly. Put your skills to use to design the template as closely as possible to the mock-up design using the assets provided below.

Note that we should see the light background color for the template when dark mode is enabled. VML & Blend Modes are not needed. Here are the font, color & image assets:

Font Family (retrieve from Google Fonts):

- 'Poppins', Arial, Helvetica, sans-serif.

Colors:

- Template background: #FCF9F5
- Font color: #44413D
- Button Fill Color: #F4EDE3
- Button Font: #44413D
- Button Border: #7D766F
- Promo Code Background: #F4EDE3
